

Intro to Painting Learning Objectives for Classwork:

Painting 1: Cylinders--value

- learn to follow directions
- learn to draw simple forms
- learn to mix simple modified primary colors
 - colors mix to warm and cool
 - colors mix to neutral grey
- learn to use **value** in transition from light to dark to create the illusion of form.
- learn to use value to create pattern of various different values.

Painting 2: Fruit—color & form

- learn to draw simple shapes (fruit)
- learn to mix primary colors to make complex color
- learn to layer paint to mix color on the canvas
- learn to see and paint highlight areas and shadow areas
- learn to create the illusion of form in a round object

Painting 3: Faces—color & attention to subject

- learn to use the grid method for transferring a image
- learn to draw a face one square at a time
- learn to mix modified primary colors
 - to create various skin tones
 - to create highlight and shadow areas
 - to paint hair, eyes, and any other aspects of your chosen picture
- learn to observe original image very carefully, painting it one square at a time
 - to create complex shifts in skin tones
 - to reproduce complex facial features as abstract shapes
