

Annotation Instruction—class 3

An annotation is a summary and/or evaluation of each source. In this case you will summarize each lecture and links posted to the website. Sometimes the links will be articles, sometimes videos.

While some annotations include assessment and reflection, **for this class simply summarize the important points.**

This week you had three video links and a pretty long lecture to annotate. I've divided them up.

	0-3 points	3.1-4.4 points	4.5-5 points
Criteria	Student work does not meet Expectations —information is not provided, or is very brief	Student Work Meets Expectations —solid information is provided, no elaboration	Student Work Exceeds Expectations —solid information is provided with elaboration and connections made
