

# Line

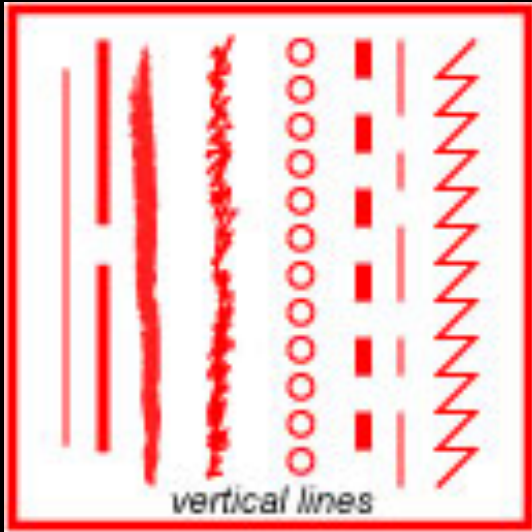

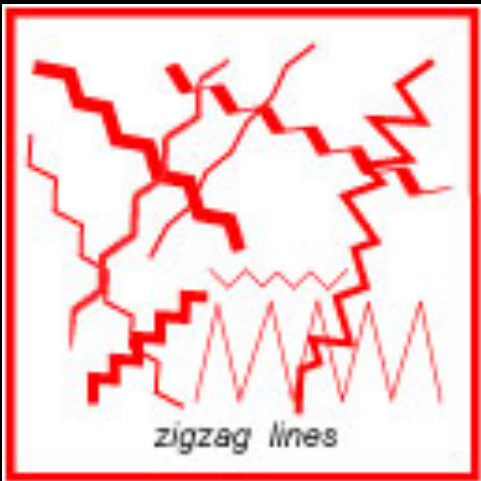

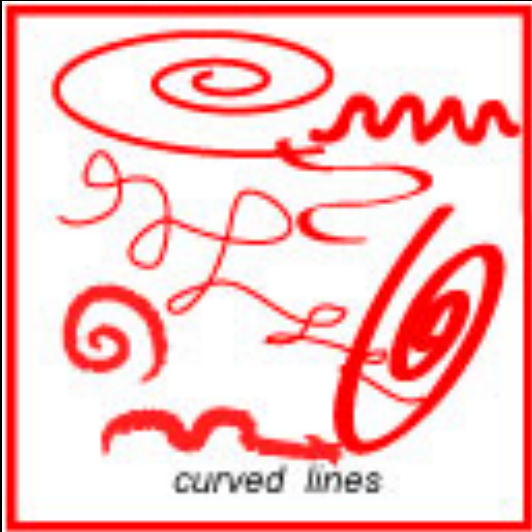

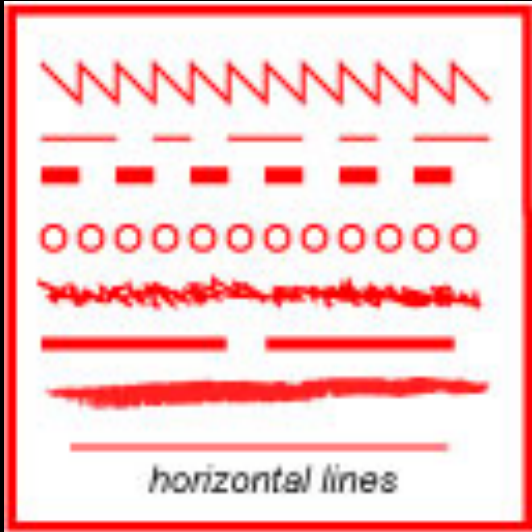

Types. Emotion.

2D Design- Art 203

# Line

There are many types of line.

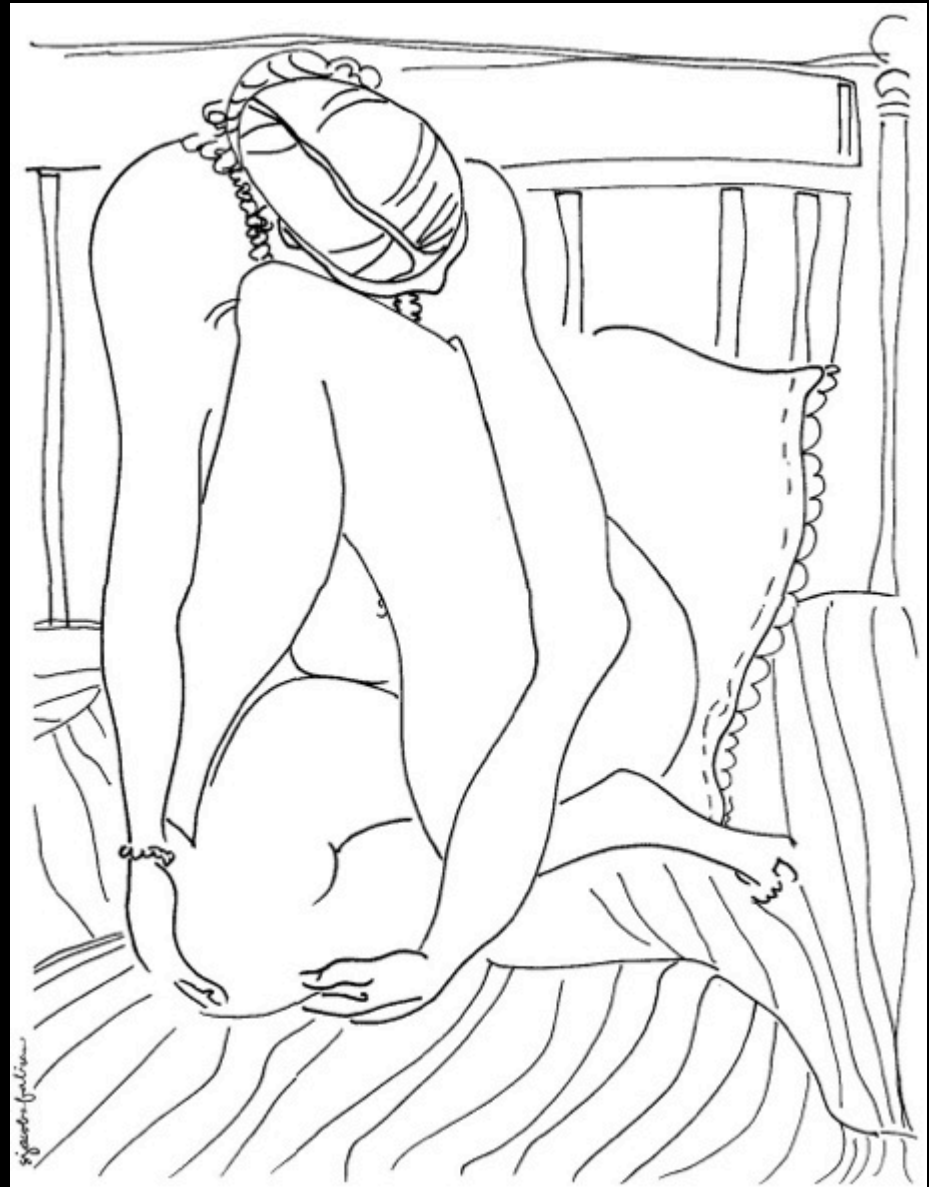

# Line

Line can control a viewer's eye.

# Line

It can describe edges.

# Line

It can indicate form as well as movement.

# Line

It can also indicate value and a light source in drawing.

# Line

Lines have feeling.

Depending on the weight (thin or thick) or gesture, the line quality gives different feelings.

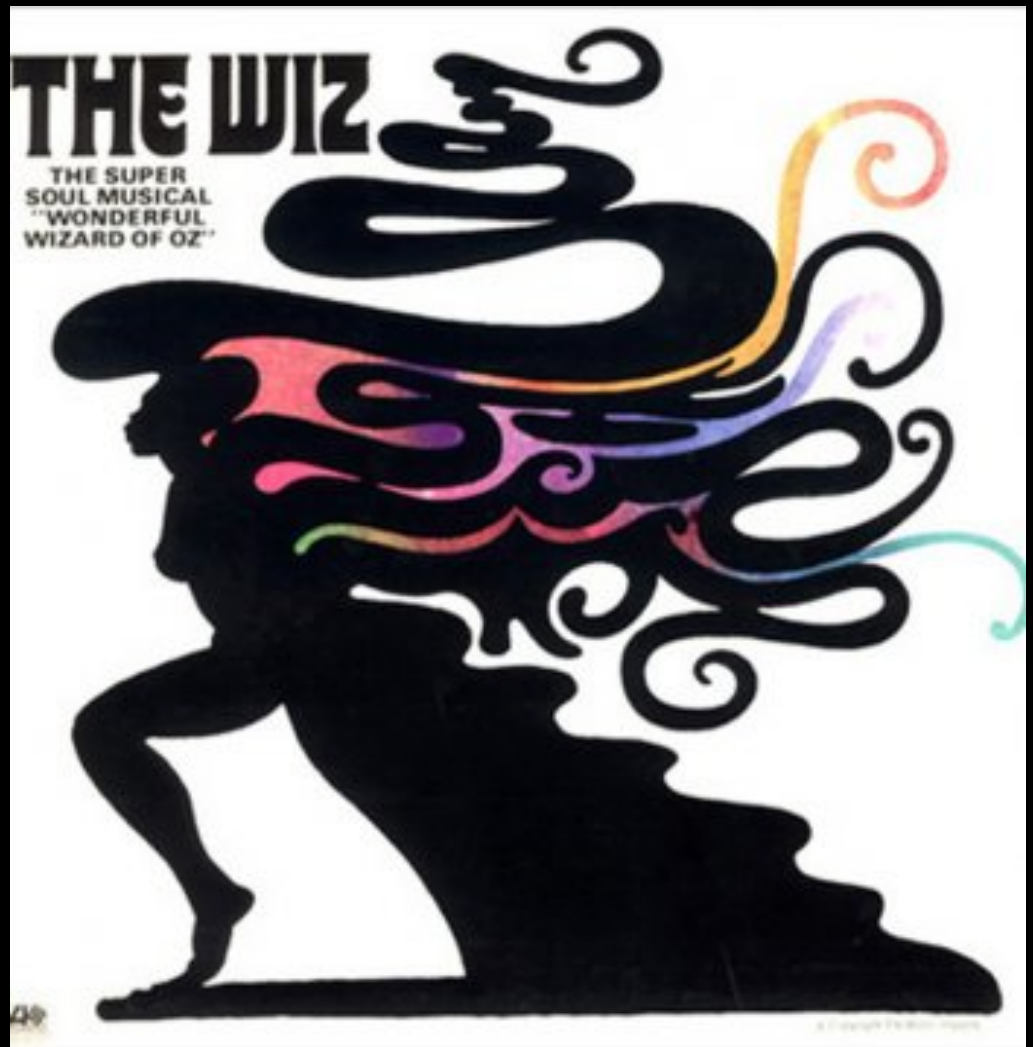

# Line

Lines have feeling.

Depending on the weight (thin or thick) or gesture, the line quality gives different feelings.
