

Object Based Analysis

Instructions: choose one artwork from this lesson to describe, and discuss. Use this rubric to see how your analysis will be evaluated. Even though you are discussing a specific work, use it to tell more about the time period, style, artist, etc. You are basically using the art to tell what you know about Minimalism. I'm looking for evidence you did the reading, looked at the lecture and checked out links. 2 pages minimum.

See website for specific information.
