

## Second Assignment for Intermediate Painting\_\_ Portraits/Self-portraits

**Self-Portrait**—each student will complete a self-portrait using the style of a famous artist from the list provided. Begin by doing research on artists from the list until you find several whose style interests you. Learn more about the style. Observe how the artist uses color, paint application, drawing, and see if you can observe a working method. How did they begin and move through the painting? From the photograph provided, begin by creating a value study in neutral warm or cool tones in Acrylic paint. You will finish this painting in Oil but the base layer will be acrylic.

Student Self-Portraits based on style of Jenny Saville, Lucian Freud, Paul Gauguin, Fred Tomaselli, and some others I can't remember.
